CUSTOMS TARIFF

Invitation to submit views on proposed Most-Favoured-Nation tariff elimination on manufacturing inputs and machinery and equipment

The Government is seeking the views of interested parties on the proposed elimination of Most-Favoured-Nation (MFN) tariff rates on manufacturing inputs and machinery and equipment. The tariff items being considered for elimination of the rate of customs duty are listed in Table 1.

Background

The Government's Economic Action Plan took concrete measures to support businesses facing economic challenges as a result of the global economic crisis and help sectors position themselves for long-term competitiveness. These measures included the elimination of tariffs applied on a wide range of machinery and equipment and a commitment to undertake further consultations with Canadian businesses with a view of providing further tariff relief to assist Canadian industry.

Following up on this commitment, preliminary discussions with industry stakeholders revealed an interest in continuing to liberalize Canada's tariff regime, with an immediate focus on manufacturing inputs and additional machinery and equipment. The proposed tariff elimination is intended to continue helping Canadian businesses lower their production costs, enhance their productivity and improve their overall competitiveness.

Scope of tariff elimination

It is the Government's intention to reduce to "free" the MFN rates of duty on the tariff items listed in Table 1. Stakeholders' views are sought on the timeframe over which the current rates of duty should be eliminated, up to a period of five years.

The tariff items listed in Table 1 have been selected based on the following factors:

- goods covered by these tariff items are used in the production of other goods;
- eliminating the tariff on these goods will reduce production costs for Canadian industry; and
- requests from stakeholders for eliminating MFN tariffs to enhance competitiveness.

The description and current MFN rates of duty of the tariff items listed in Table 1 can be found in the latest consolidated version of the *Customs Tariff* available online at www.cbsa.gc.ca/trade-commerce/tariff-tarif/menu-eng.html.

Submissions

Interested parties wishing to comment on the proposed MFN tariff elimination should submit their views in writing by November 6, 2009.

Submissions, at a minimum, should include the following information:

1. Canadian company/industry association name, address, telephone number and contact person.
2. Relevant eight-digit tariff item(s) and description of the good(s) of particular interest.
3. Reasons for the expressed support/concern respecting the proposed tariff elimination, including detailed information substantiating any expected beneficial or adverse impact.
4. If concern is expressed with respect to the proposed tariff elimination for one or more eight-digit tariff item(s), please indicate the preferred length of gradual elimination over a period not to exceed five years.
5. Please identify if information provided in the submissions is commercially sensitive.

The Government will also accept views on other tariff items that could be considered in the context of further tariff elimination initiatives designed to benefit Canadians.

Address for submissions

Submissions should be sent to the following address: MFN Tariff Elimination, Tariffs and Market Access Section, International Trade Policy Division, Department of Finance, 140 O'Connor Street, 14th Floor, Ottawa, Ontario K1A 0G5, 613-992-6761 (fax), tariff-tarif@fin.gc.ca (email).

General inquiries can be directed to the Tariffs and Market Access Section, Department of Finance, 613-992-2518 or 613-947-5870 (telephone).
